Handset in actual size

Model CL-30

Big Button, Loud Volume, Talking CID
Cordless Phone

designed specifically for people with low vision

- Talking Caller ID announces (in English or French) the caller's number so you know who is calling before answering
- Large and brightly back-lit keys for easy seeing
- All keys "talk-back" in clear voice (English or French) to confirm if you've pressed the desired number
- Eight (8) one-touch speed dial buttons for easy calling
- One-touch call-for-help button for hands-free emergency calls
- Audible and visual indicators for voice mail and missed calls
- Amplifies incoming sound up to 100 times (40+dB) louder
- HDS (Hi-Definition Sound) technology makes every word sharp, clear and intelligible
- High performance speakerphone
- Bright visual ring flasher and super loud ringer (90+dB) on handset and base
- DECT 6.0 technology for superior range and interference-free calls
- Battery back-up for full operation during power outage
- Lanyard (not included) for easy carrying
- Hearing aid compatible handset
