

“USES GENTLE DRY HEAT TO REMOVE
MOISTURE AND CONDENSATION”
GUARANTEED!

Model
DB-100

No more expensive cleaning and replacing with the DB-100. It fits up to 2 pairs of hearing aid and cochlear implants and removes moisture and bacteria with dry heat and UV lights. It also has a built-in battery tester and magnetic parking spot to hold batteries in place.

Features:

- Environmentally friendly - No costly chemicals or desiccants needed
- Powerful UV lights inhibit bacteria growth which can cause itchy ears.
- Built-in battery tester, prevents throwing away batteries prematurely and wasting money
- Easy-to-open magnetic lid, even for people with arthritis
- Simple one-touch operation
- Accommodates up to 2 pairs of hearing aids or cochlear implant processors
- Compact and lightweight with universal AC adapter (110-240V 50/60Hz) - Ideal for use at home or on the road, anywhere in the world.
