

Amplified Telephone with Talking Caller ID & Talking Keys Ampli550

The Ampli550 is the perfect blend of features at a remarkable price. It boasts up to 52 decibels of extra loud amplification. It also incorporates an extra large LCD display, Talking Caller ID, optional bed shaker (sold separately) and an extra bright flashing ring strobe. The Ampli550 also includes an amplified speakerphone with up to +15dB (decibel) amplification.

Large talking numbers and 9 memory dial buttons make dialing a breeze. Simply program all your important numbers into the phone for one-touch dialing. The Ampli550 provides maximum amplification that's customizable to fit your needs. Standard volume control offers a 30dB gain. When the "AMPLI" button is pressed, the phone provides up to 52 decibels of crystal clear amplification. Caller ID with large LCD display stores up to 99 incoming names and numbers with date/time stamp for each call.
