

Serene Innovations **HD-40P PHOTO SPEAKER PHONE** Model HD-40P Amplified Speaker Phone with photo memories

Features

- High-Definition Sound (HDS) Technology for unmatched clarity, a new standard in amplified telephone technology
- Amplifies incoming sound up to 20 times (over 26+dB), the most powerful in its class
- Selectable Digital Tone Setting allows you to boost and enhance the speech frequencies you can't hear well, making difficult to hear words intelligible again.
- Latest Digital Sound Processing technology eliminates virtually all distortion, echo effects and unwanted static, commonly found in other amplified phones
- High performance speaker-phone with loud and life-like sounds for hands-free calls
- 9 large and easy to set up photo memory buttons for quick one touch dialing
- 90+dB super loud ringer with adjustable ringing volume and tone controls
- Two (front and side) visual ring flashers
- Music on hold
- Powered by the telephone line, no AC adapter is required
- Hearing aid compatible handset
