

Serene Innovations **HD-60 AMPLIFIED TELEPHONE** Model HD-60 with 600 times amplification

Features

- High-Definition Sound (HDS) Technology for un-matched clarity, a new standard in amplified telephone technology
- Amplifies incoming sound up to 600 times (over 55+dB), the most powerful in its class
- Selectable Digital Tone Setting allows you to boost and enhance the speech frequencies you can't hear well, making difficult to hear words intelligible again.
- Latest Digital Sound Processing technology eliminates virtually all distortion, echo effects and unwanted static commonly found in other ordinary amplified phones
- "Off-hook alert" provides audible and visual warnings to alert improper hang-up, preventing accidental blocking of incoming calls
- Large and brightly backlit keypad for easy viewing
- 12 one-touch programmable memory buttons
- Two (front and side) visual ring flashers
- 95+dB super loud ringer with adjustable ringing volume and tone controls
- Battery back up (batteries not included) for power outages
- 3.5 mm jack for neck-loop, tele-coil and other assistive accessories
- Hearing aid compatible handset
