

WILLIAMS SOUND®

Helping People Hear

NKL001

NECKLOOP, TELECOIL COUPLER

- **18" Cord, 3.5mm Plug**

Designed to magnetically couple the audio output from a Williams Sound unit into a hearing aid equipped with a telephone coil. It will also work with tape players, TVs, and any device which has a 8-16 Ohm audio output through a 3.5mm jack. The neckloop works only with hearing aids equipped with a telephone coil (T-Switch)
