Digital Clock w Indoor Temperature

- Dimensions: 9" x 5.75" x 1.25"
- 8 Time zones (PST/MST/CST/EST/AST/NST/AKST/HAST)

Atomic technology is the most accurate form of timekeeping known. Clocks correspond with an identical frequency from the atomic system, allowing the device to remain in sync at all times. Our atomic clocks communicate directly with the National Institute of Standards and Technology (NIST) located in Boulder, Colorado.
